CHEMICAL & Supply

“PROUDLY MADE IN
DETROIT”

Floor Cleaners / Parts Wash / Rust Inhibitors / Vehicle Cleaning / Food Sanitation & much more.

***WE PROVIDE TANGIBLE SAVINGS IN THE MANUFACTURE, DELIVERY, USE & HANDLING of
CUSTOM, WATER-BASED CLEANING AND PROCESS CHEMICALS***

Need EPA Certified “GREEN” Product, WE’VE GOT THAT TOO!

Why LANDFILL???...WHEN YOU CAN **REFILL!!!**

Custom Formulated Industrial & Commercial

Water-Based, Biodegradable Cleaning & Process Chemicals

The Concentrates are blended at our Detroit based manufacturing facility

then transferred into a DOT approved holding tank on the SourceTech Bulk Delivery Truck

then transported to your facility & pumped into your On-Site, NO-CHARGE SourceTech Storage Tank.

SourceTech: We continuously work to provide our customers with a cost-effective alternative to the ordering and storing of cleaning and process detergents. Our systems can save as much as 40% in detergent consumption and take up only as much space as a normal warehouse pallet. We offer 150 Gallon tanks to 330 gallon bulk totes.

ASK ABOUT our No-Charge Scrubber Fill Stations for High Volume & Fast Scrubber filling!

SourceTech: OVERALL COST SAVINGS:

With bulk-filled detergents, you can save money by:

- Using little or no staff time to re-order – we monitor your levels!
- Speedier filling of buckets and scrubbers with use of pre-mixed solutions
- Replacing your employee’s “if a little is good...more is better” mixing system with the pre-mixed bulk system of pushing a button...thus reducing detergent consumption!
- Saving shipping/receiving dock attendant time
- Offering special long-term pricing agreements

SourceTech: CONVENIENCE:

Automatic “just-in-time” refill scheduling can be established with your purchasing department, allowing you to have the necessary detergents delivered on a regular basis, as needed.
